Shortly following the live webcast, a replay will be available and archived for 90 days.

### *About Cumberland Pharmaceuticals*

Cumberland Pharmaceuticals Inc. is a Tennessee-based specialty pharmaceutical company focused on the acquisition, development and commercialization of branded prescription products. The Company's primary target markets include hospital acute care and gastroenterology. Cumberland markets Acetadote(R) for the treatment of acetaminophen poisoning and Kristalose(R), a prescription laxative. The Company also recently launched Caldolor(R), the first injectable treatment for pain and fever approved in the United States. Cumberland is dedicated to providing innovative products which improve quality of care for patients. The Company completed its initial public offering of common stock in August 2009.
