Item 8.01 Other Events

On April 14, 2023, Cumberland Pharmaceuticals Inc. ("Cumberland" or the "Company") announced that it expects that its Caldolor® (*ibuprofen*) injection product should be eligible for special Medicare reimbursement under the *Non-Opioids Prevent Addiction in the Nation Act* (the "NOPAIN Act"), which was enacted as part of the Consolidated Appropriations Act of 2023.

The NOPAIN Act requires Medicare to provide separate reimbursement for non-opioid products that are used to manage pain during surgeries conducted in outpatient hospital departments or in ambulatory surgical centers. The NOPAIN Act applies, in part, to products that are indicated to provide analgesia without acting upon the body's opioid receptors. As a result, the Company expects that the NOPAIN Act will affect Medicare reimbursement for Caldolor, Cumberland's non-opioid analgesic injection product.

The methodology for reimbursement for non-opioid pain alternatives under the NOPAIN Act will apply to those products that are furnished between January 1, 2025 and January 1, 2028. It is anticipated that in 2024, the Centers for Medicare & Medicaid Services (CMS) will issue regulations implementing the NOPAIN Act and detailing the conditions for, and amount of, the separate reimbursement.

Caldolor is approved by the U.S. Food and Drug Administration (FDA) for use in adults and pediatric patients six months and older, for the management of mild to moderate pain as a sole therapy, and for the management of moderate to severe pain as an adjunct to an opioid. A series of published clinical studies have demonstrated that Caldolor significantly reduces patient pain, while also significantly reducing patients' need for opioids.

Full prescribing and safety information can be found at the brand's website www.caldolor.com.
